

## Skills and Practice for Group Discussion 團體討論技巧與實務

Instructor: Su-Chiao Wu

### **Course Description:**

Education reform practices encourage student-led discourse and student-to-student discourse about curricular content. This course provides the reviews of the theories, researches and practical teaching strategies of kindergarten's classroom discourse. To expect students have enough profession to not only monitor where the discourse is going and motive children's discourse, but also develop some criteria for deciding when the class has reached the goal in order to create a democratic and child-centered classroom.
